

Character Nurturing Committee

We educate students with love and care, and equip students to be a life-long learner and aiming at continuous self-growth. Besides personal guidance and interventions of cases, we nurture personal qualities of students through different nurturing and developmental programs.

1. Junior forms nurturing program

WeCan Program

WeCan program is a tailor-made program for the needs of junior form students according to our major concerns on junior forms. Parts of the program are held by CNC with the co-operations with outside organizations. Students are trained to be self-managed, cooperative, and confident. Autonomy, altruistic and willingness to serve are also promoted in the activities.
