

2. Science Elite Students Trainings @STCC

Junior form Astronomy Workshop Series
(Co-operation with *Hong Kong Astronomical Society*)

Astronomy Camp@STCC

Astronomy Photographic Practicum training

Elite students are selected and trained in advanced science programs. Students can lead a fulfilling and responsible life by independent learning, dealing with new situations, critical reasoning, creative thinking, making wise decisions and solving problems.

Horseshoe Crab rearing program
(In cooperated with *City U* and *Ocean Park Academy*)

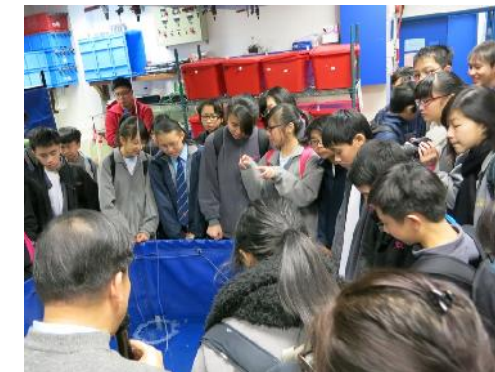

Our rearing team present our experience to other schools.
