**2016-2017**

**Activity Highlight**

Date: 5/11/2016	Time:9:00am –12:00pm	Venue: School Hall
Activity Title: S2 LIFE program - <SIM Life>		Participants: All S2 Students

**Highlights:**

<SIM Life> was a 3-hour activity for students to experience their “future story”. At the very beginning of the game, students had to set their life goals, including the health, the income, and education level etc. Then, they experienced how to make the life decisions, like what kinds of job, participation in gambling or not and so forth. This program helped students to reflect what they want to achieve in life.
