

**ECF Saint Too Canaan College**

**2016-2017**

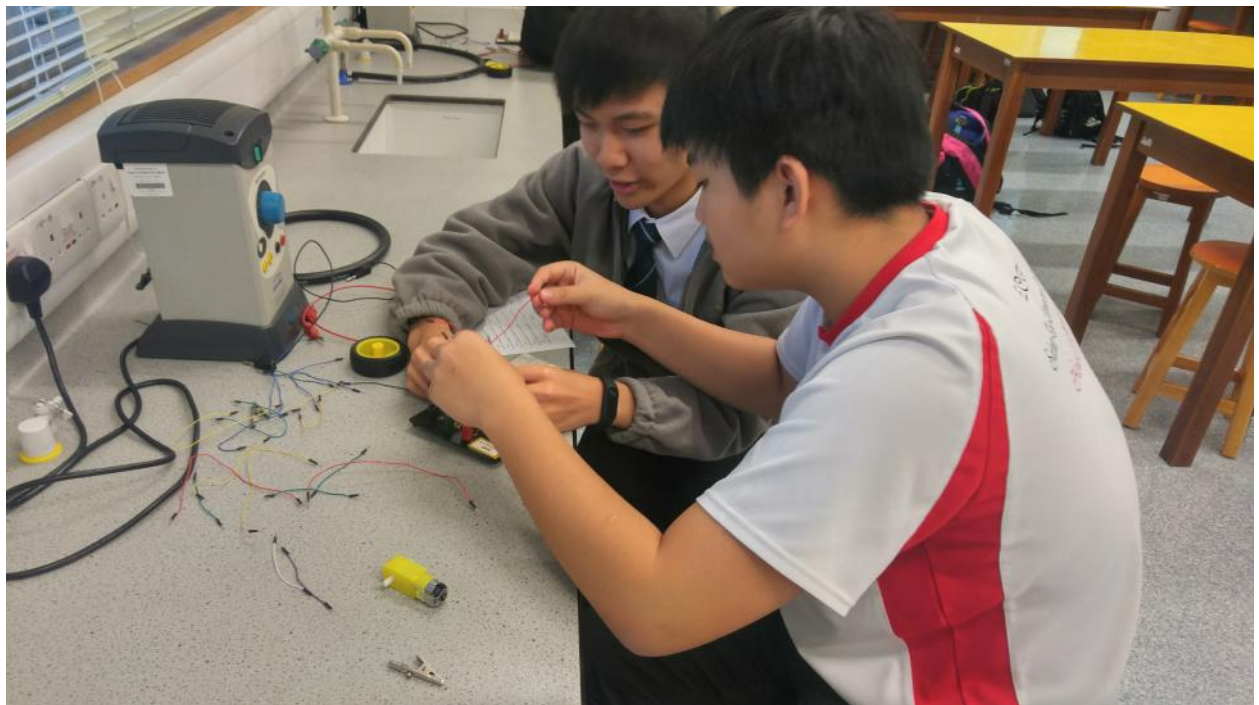

**Activity Highlight**

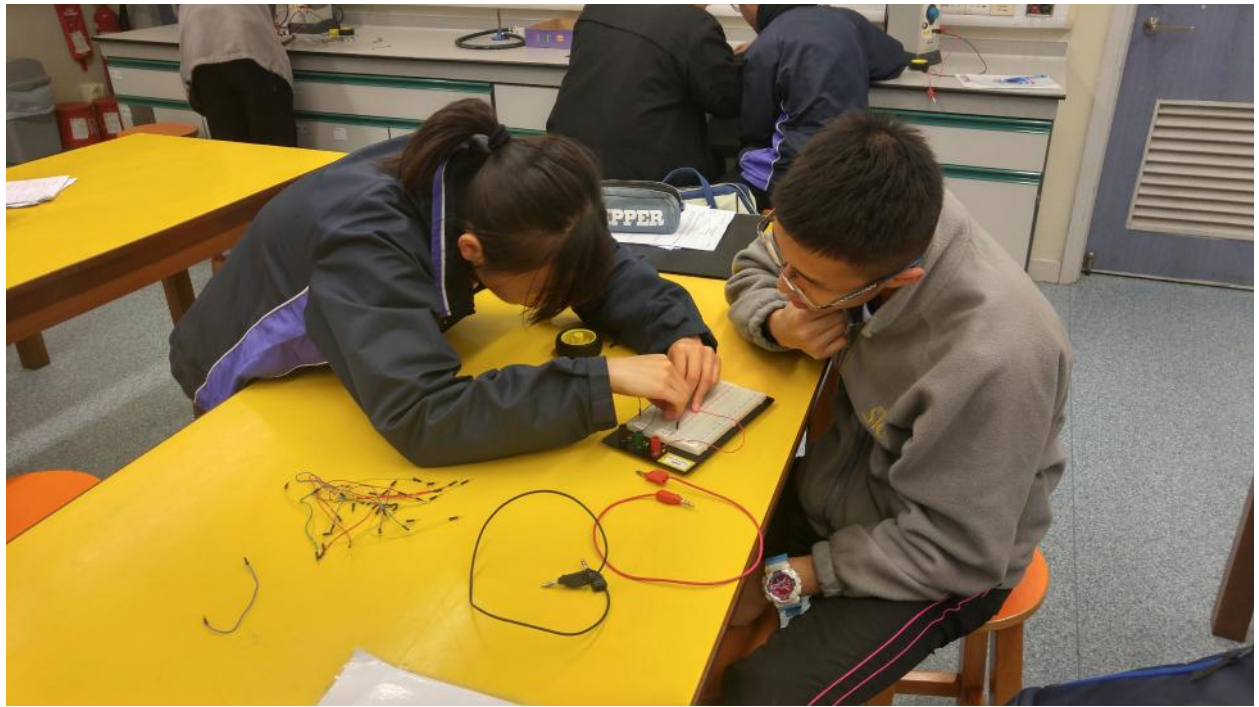

Date: 11/2016- 5/2017	Time: 4:30pm - 5:30pm	Venue: Physics Lab
Activity Title: STCC Robotic Workshop		Participants: 16

**Highlights:**

This year our school launches a series of robotic workshops aiming to cultivate students' interest towards engineering and promote STEM education. Led by our alumni, Mok Shun Shing Ivan who is currently studying Biomedical Engineering in the Chinese University of HK, students from both junior and senior forms can learn the relevant theories. Most importantly, they can get a hands-on experience in assembling remote-controlled robotic cars. Through the group activities in total 8 workshops, students are expected to make their own robotic car for an open football competition.

### Student Participation List (if any)

Name	class	class no.
1. Chau Ho Hong	4 Lv	2
2. Leung Hoi Hang	3 Lv	16
3. Chan Pak Yin	2 Lv	3
4. Chau Ching Ho	5 Lv	1
5. Lee Chin To	5 Lv	19
6. Yam Shing Him	5 Lv	33
7. Tung Chi Chiu	5 Lv	30
8. Ng Shu Kwan	2 Ft	35
9. Lam Shun Ming	2 Hp	7
10. Poon Hong Chung	2 Ft	36
11. Tsang Chiu Yeung	2 Hp	22
12. Wong Cheuk Lun	2 Hn	37
13. Chung Pui Chung	5 Lv	8
14. Chang Chun Hong Keith	5 Lv	6
15. Cheung Siu Wo, Ron	5 Lv	4
16. Li Kai Wing, Wilson	2 Ft	14
