Highlights:

In order to cultivate students' life through ceramic creation as well as to arouse their artistic character, the Visual Arts Department has established "1st Ceramic Club" since October. 15 students have been selected to be its members.

We are honored to invite experienced ceramic artist and arts educationalist Mr. Kam-shing Chan, who is the founder of I-Kiln Studio, to be the tutor. The activities include:

1. 基本陶藝理論
2. 手塑成形 (製作生果或動物)
3. 泥條盤築 (制作筆筒或飾物盒)
4. 泥板組合 (轉製平面泥板)
5. 混合技巧創作
6. 參觀陶藝家工作室

We wish every member can better their life through ceramic creation. This morality can be passed on to be the tradition of STCC!
