Activity Title: S4 & S5 VA Enrichment Class		Participants: 10 VA students from S4 & S5

**Highlights:**

We were honored to have Miss Ho Wing Yi, freelance artist and our STCC alumni from VA, to teach and demonstrate to our selected S4 and S5 VA outstanding students about Acrylic painting.

The Enrichment Class aims at providing the opportunity for talented VA students to broaden their knowledge and skill in the use of Acrylic Painting. Therefore our VA students were provided this enrichment class for building their capacity through experiential learning. They all enjoyed to learn how to paint still life drawing in proper way, and have a good learning result.
