| Activity Title: The Art of Urban Sketching | | Participants: S4 and S5 VA students |

Highlights:

We were honored to have Mr Romy Wu, famous Watercolor Artist and international Urban Sketcher to demonstrate to and teach our S4 & S5 VA students about basic watercolor technique, urban sketching and drawing outdoor sense.

The Workshop aimed at providing opportunity for S4 & S5 VA students to broaden their knowledge and skill in arts education. Therefore our S4 & S5 VA students were provided the watercolor and urban sketch Workshop for building their capacity through experiential learning.

VA Students have been encouraged to write stories with each sketch, and show the drawing on the scene from their observation around their school and city.

They all enjoyed drawing and learnt how to draw watercolor in proper way. This workshop could provide S4 & S5 VA students with a positive learning platform and equip them with confidence in future learning of Visual Arts.
